

NTT Workforce Development Institute is the leader in quality industrial training. This is an exciting opportunity to pass on your knowledge to the current electrical workforce. NTT is seeking Master or Journeyman electricians with hands-on field, and teaching experience in the electrical trades.

Position: Part time NFPA 70E Electrical Safety Instructor

Location: Nationwide

General Description: Professional to teach Arc Flash Electrical Safety following NFPA 70E with OSHA 1910.331-335 regulations to a variety of NTT's clients

Specific Requirements:

- Ability to communicate technical information to participants of all experience levels, e.g., electricians, maintenance personnel, planners and engineers
- Current or previous teaching background in the above mentioned codes and standards.
- Travel on a consistent basis within the United States, and occasionally internationally
Ability to interface with the Sales Department concerning customization of training
- Proficiency in Power Point Presentations
- Be able to communicate effectively via email and cell phone
- Current drivers license
- Credit card in good standing for use in business travel expenses
- Participation in background check
- Must own quality laptop, portable projector and accessories
- Bilingual a plus, but not required

Selection Criteria:

- Master or Journeyman electrician with at least 10 years of hands-on field experience in the electrical trades within the last three years
- Previous teaching experience in electrical safety codes and standards within the last 4 years
- Understanding the concept of Arc Flash Analysis
- Working knowledge and field experience in NFPA 70 (2008 National Electrical Code), NFPA Arc Flash 70E (2009 Electrical Safe Work Practices), NFPA 70B (Electrical Equipment Maintenance) and OSHA 1910:331-335 Electrical Safety
- Ability to function independently in a highly efficient manner
- Excellent organizational and communication skills
- Computer literacy (Windows, MS Office)
- Proficient in public speaking for delivery of course materials
- Experience in teaching eight (8) hour a day courses in a classroom style environment or industrial facilities
